Divine Revelation: Surah Al-Kahf and the collection of the Qur'an

Topics: Surah Al-Kahf (1–27) – Reason and intellect in Islam – Juristic schools – Stages of collecting the Qur'an – The methodology of thinking in Islam.

1. Summarise the cause of revelation of Surah Al-Kahf.

> Quraysh, advised by Jewish rabbis, asked the Prophet ﷺ about the young men of the cave, the traveller Dhul-Qarnayn and the soul to test him; Allah revealed the surah.

2. Write your reflection on «لِنَبْلُوَهُمْ أَيُّهُمْ أَحْسَنُ عَمَلًا».

> The beauty of this world is a test; what matters is doing the best deeds, not collecting adornments.

3. The companions of the cave fled to the cave to:

● **Protect their faith from an unjust king** ○ Find treasure ○ Rest from travel

4. Reading Surah Al-Kahf is recommended especially on:

● **Friday** ○ Monday ○ The first of Ramadan

5. Explain the stages of collecting the Qur'an.

> 1) At the time of the Prophet ﷺ: memorised and written on separate materials. 2) Abu Bakr (RA): collected in one book after many reciters died at Yamamah. 3) Uthman (RA): copies made in one standard script and sent to the regions.

6. Compare the efforts of Abu Bakr and Uthman (RA).

> Abu Bakr collected the Qur'an in one book to protect it from loss; Uthman unified the people on one standard copy to prevent differences in recitation.

7. Explain «إِنَّا نَحْنُ نَزَّلْنَا الذِّكْرَ وَإِنَّا لَهُ لَحَافِظُونَ».

> Allah revealed the Qur'an and promised to protect it from any change.

Islamic Rulings: Juristic schools

1. Analyse the concept of juristic (fiqh) schools.

> Groups of scholars who followed one method in understanding Islamic rulings from the Qur'an and Sunnah.

Aspect	Madani school	Iraqi school
Reason it appeared	**Madinah was the home of the Sunnah and the companions**	**New issues far from Madinah needed reasoning**
Characteristic	**Relies on Hadith and narrations**	**Uses qiyas and reasoning**
Famous scholar	**Malik ibn Anas**	**Abu Hanifah**

2. “Where there is a text there is no room for ijtihad.” Form a view.

> Correct: when a clear authentic text exists, we follow it; ijtihad is for issues without a clear text or in understanding texts.

Islamic Belief: The mind and the methodology of thinking

1. Prove there is no contradiction between Shari‘ah and the mind.

> Both come from Allah; the Qur’an calls people to think and reflect, and sound reason leads to faith.

2. List ways in which Islam honours the mind.

> It made the mind the basis of responsibility, praised people of understanding, called to reflection, and forbade what harms the mind like alcohol.

3. What are the characteristics of methodological thinking in Islam?

> Respecting others’ knowledge, dialogue, scientific honesty, objectivity and accuracy.

4. Put the steps of methodological thinking in order:

> Understand the problem and collect information Suggest possible solutions Test the solutions
